

ALLEN-BRADLEY ELECTRONICS DIVISION – PRODUCT OBSOLESCENCE

Between September 1988 and February 1997, the Allen-Bradley Company – Electronics Division – El Paso, TX/Greensboro, NC, phased out production of all its electronics components. On April 25, 1997, the El Paso facility was closed; the Greensboro, NC facility was closed in January 1991.

The following are recommendations for customers attempting to replace Allen-Bradley (Electronics Division) electronic components. These recommendations are accurate as of June 1998.

PRODUCT LINE	DESCRIPTION	PART NUMBERS STARTING WITH...	RECOMMENDATIONS
Variable Resistors	Potentiometers MODPOTS Trimmers	JA1L040S,GA2G056S,WA2G056S, WRA1G056S,WRS1G056S,JD1N200 JS-1,SPSG040S, 70A1, 72A1, 73A1, 17M, 19M FR, NP, RP, RS, SH, SV, YC, YR	The variable resistor product line was sold to the Clarostat Mfg Company. Contact Clarostat Mfg Co at 1-800-872-0042. ¹
Fixed Resistors	Carbon Composition	BB,CB,EB,GB,HB,GM,HM,RC,RCR	Manufacturing ended in 1997. Contact other vendors manufacturing fixed resistors (Dale Electronics).
Metal Film Resistors		RNK	Manufacturing ended in 1988. Contact other vendors manufacturing fixed resistors (Vishay, IRC, SEI)
Wirewound Resistors			Manufacturing ended in 1988. Contact other vendors manufacturing wirewound resistors (Vishay, Milwaukee Resistor).
Resistor	I-SIP I-DIP	Series 100,200,400 311,316,M8310101,M8310102	Manufacturing ended in 1989. Contact other vendors manufacturing resistor networks (Dale,Bourns,Sprague,CTS,Specman)
	Custom	CDB,CDD	Manufacturing ended in 1991. Contact other vendors manufacturing resistor networks (Dale,Bourns,Sprague,CTS,Specman)
Networks	Thin Film		Manufacturing ended in 1991. Contact other vendors manufacturing resistor networks (Dale,Bourns,Sprague,CTS,Specman)
	C-SIP	Series 700	The C-SIP products were sold to ABK Electronics. Contact ABK Electronics, Greensboro, NC, 336-545-0077 ²
Chip Resistors		AC,BC,BCD,BCK,BCH	The Chip Resistors were sold to ABK Electronics. Contact ABK Electronics, Greensboro, NC, 336-545-0077 ³

- 1 Clarostat purchased the Allen-Bradley variable resistor (potentiometer) business in 1990. Clarostat has retained all Allen-Bradley records and documentation on the variable resistor products.
- 2 ABK Singapore purchased the Allen-Bradley resistor network business in 1991. ABK Singapore has retained all Allen-Bradley records and documentation on the C-SIP, I-SIP, I-DIP, CDD, CDB resistor and thin film network products.
- 3 ABK Singapore purchased the Allen-Bradley chip resistor business in 1989. ABK Singapore has retained all Allen-Bradley records and documentation on the BC, AC, BCD, BCK, BCH chip resistor products.

FORMER A-B ELECTRONICS DISTRIBUTORS

The following former AB electronics distributors may have stock of discontinued AB electronics products:

COMPANY	PHONE NUMBER
Newark Electronics	1-800-639-2759
TTI	1-800-225-5884
Marshall Electronics	818-407-4143
Ohm Electronics	847-359-5500
Chelsea Industries	314-997-7709
Marsh Electronics	414-475-6000
Hammond Electronics	407-849-6060
Kent Electronics	713-780-7770
Shelley-Ragon	206-883-2220
Arrow Electronics	416-672-7769

POSSIBLE ALTERNATE SOURCES OF SUPPLY FOR ELECTRONICS PRODUCTS

The following companies can be contacted for comparable products in place of Allen-Bradley electronic components. This list is accurate as of June 1998. Other reference sources, such as the Thomas Register, should be used for current information for companies making resistors.
